Management Board Report on the state of the FTB TURIZAM Group for the period January-June 2019

The consolidated operating results of the FTB TURIZAM Group (Hoteli Cavtat d.d., Hoteli Metropol d.o.o., Remisens Hotel Group d.o.o. and FTB TURIZAM d.d.) for the period January-June 2019 show that the Group is achieving its primary objectives.

Operating income, which also includes extraordinary income (in the attached report), increased by c. 1% or 855,000 kn compared to the same period last year. According to the Usali report, the operating income category, which includes revenues from accommodation, board and extra food and beverages, sports, and other operating income (that is, without extraordinary income) in the observed period was c. 61.9 million kn, which is at the level of last year's result. Income from accommodation and boarding food and beverages services was c. 55.9 million kn, which is also at the level of last year's result, while boarding food and beverages expenses were c. 6.1 million kn, which is c. 391,000 kn less compared to last year.

Total direct salaries and labour costs for the accommodation, food & beverages, and sports & recreation departments were 8% or 999,000 kn higher than last year. This is for the most part because of the decision of the HC d.d. Management Board stipulating that for the season 2019, each employee who has a contract of employment of indefinite duration under the collective agreement will receive a monthly non-taxable sum of 500.00 kn for June, July, August and September 2019. In addition, each seasonal worker who has a contract of employment for the season 2019, that is, for June, July, August and September, will receive a one-off non-taxable sum of 2,000.00 kn together with the salary for September.

Unallocated payroll costs for administration, marketing and sales (central allocation), entertainment, and technical services increased compared to last year by c. 12% or 550,000 kn. Total salaries and labour costs increased by 9% or 1.5 million kn compared to last year's figure, while gross salaries ('bruto 2') increased by c. 5% or 771,000 kn compared to last year. The reason for this was the formation of a new business operations organisation with the aim of completely separating from the LRH d.d. company in terms of management and systems. For this reason, during 2019 contracts for providing consultancy services in different business domains were concluded, and the company also additionally employed new staff according to its business needs.

Total unallocated expenditures (administration, sales and marketing, entertainment, technical services and energy) increased compared to last year by c. 32% or 2.2 million kn (the formation of a new organisation structure of the company after separating from the LRH d.d. company).

Total other departmental costs (accommodation, food and beverages, and sports) decreased compared to last year by c. 3% or 199,000 kn.

According to the observed operating income and expenses for the period January-June 2019, GOP (gross operating profit) was c. 19.8 million kn, while in the same period last year it was c. 23.2 million kn.

In the period January-June 2019, the financial result decreased by 44.0 million kn compared to last year. The reason for this was that last year's result was affected by the decision of the General Assembly (June 2018) to pay out a total of 40,338,000.00 kn of the retained profit from the previous years of the Hoteli Cavtat d.d. company to the only shareholder of the FTB TURIZAM d.d. company. Apart from this, it was also influenced by income from dividends and participation in the profit (c. 4.1 million kn), based on the decision to pay out the retained profit for the year 2017 from the HM d.o.o. company to the HC d.d. company.

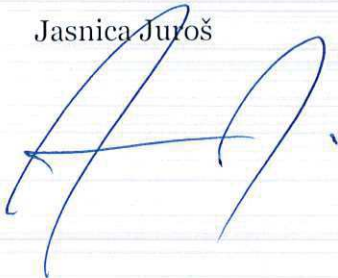

The extraordinary operating result for the period January-June 2019 was c. 1.0 million kn. Extraordinary income was c. 1.6 million kn (the largest part refers to the release of long-term reserves, the release of bonus reserves, and income from collected receivables). Extraordinary expenses were c. 547,000 kn (for the most part unpaid claims and costs from previous years). The extraordinary operating result for the same observed period last year was 181,000 kn, of which extraordinary income was 1.5 million kn, and extraordinary expenses 1.3 million kn.

Consolidated EBITDA (net profit + income tax + interest costs + amortisation + depreciation) was c. 17.5 million kn, while in the same period last year it was c. 65.4 million kn.

The liquidity and solvency indicators and debt to equity and cash flow ratios are strong.
